State/Local Utility Incentives

SunSource Home Energy System:
Amount varies by region⁴

Total Savings:

\$4,900

Plus, savings of up to half on
monthly heating and cooling bills

¹The Lennox® Summer Consumer promotion offers customers up to a \$1,100 rebate on eligible high-efficiency systems. Offer expires 8/26/2011.

²Based on 30% savings off the cost of four SunSource® Home Energy System solar modules.

³Based on the \$6,667 retail cost of the XC/XP21 5-ton unit. (\$6,667 x 9%)

⁴Consult a tax expert to find out about incentives available in your area. Cost of unit will vary by location.
