

GAS STORAGE WATER HEATERS

Powerful performance for busy homes.

Lennox gas water heaters can quickly produce large amounts of hot water, making them ideal for bigger homes with heavy hot water demands. Enjoy efficient, low-cost operation and performance you can count on.

No Worries. It's a **LENNOX**™

Capacities

Options to meet your hot water needs

Our gas storage water heaters are **available in 30 to 75 gallon capacities**, giving you the flexibility to choose a model that best fits your household's size and hot water usage.

Durability

Engineered for durability

A **PermaClad™ glass-lined**, heavy-gauge steel tank, combined with an aluminum or magnesium anode rod and turbulence-inducing **SediMotion™ system**, protect from corrosion and sediment build-up to extend the life of your water heater.

Efficiency

Use less energy. Save more money.

Designed with efficiency in mind, these water heaters can **deliver energy savings and help reduce utility bills**.

Flammability Protection

Technology for peace of mind

If flammable vapors are detected, the **Lennox Lock™ System** will **restrict flames** from traveling outside of the water heater and prevent the burner from further operation.

GAS STORAGE WATER HEATERS

Reliable hot water for everyday life.
