

Lennox® packaged units come appointed with:

A packaged unit is your all-in-one solution that delivers gas heating for cold weather and electric cooling for hotter days

Compact footprint that allows for quick installation and seamlessly blends with your outdoor environment

Consistent temperature and reliable cooling comes standard thanks to a dependable rotary scroll compressor and trustworthy blower motor

An internally mounted fan keeps sound levels low and allows for easier servicing

Efficient and environmentally friendly, this unit produces 65% lower NOx emissions than standard low NOx packaged units.*
