

## M3 UNIT CONTROLLER COVER

### INSTALLATION INSTRUCTIONS FOR M3 UNIT CONTROLLER COVER KIT (10X86)

### **⚠ WARNING**

Improper installation, adjustment, alteration, service or maintenance can cause personal injury, loss of life, or damage to property.

Installation and service must be performed by a licensed professional installer (or equivalent) or a service agency.

### **⚠ CAUTION**

ELECTROSTATIC  
DISCHARGE (ESD)  
Precautions and  
Procedures

Electrostatic discharge can affect electronic components. Take precautions during unit installation and service to protect the unit's electronic controls. Precautions will help to avoid control exposure to electrostatic discharge by putting the unit, the control and the technician at the same electrostatic potential. Neutralize electrostatic charge by touching hand and all tools on an unpainted unit surface before performing any service procedure.

**Shipping and Packing List**

- 1- M3 Unit Controller
- 1- Installation Instructions (this document)

**Removing the Cover**

1. Power down the rooftop unit.
2. Insert a flat screwdriver into the loops located on the side edges of the display and gently pry tabs out to release the display from the M3 Unit Controller.

**Installing New Cover**

1. Insert alignment pins into corresponding holes on the M3 Unit Controller; evenly press display onto the M3 until both tabs latch onto the M3 Unit Controller.
2. Power up the rooftop unit.
