

## Lennox® packaged units offer these features:

Lennox packaged units are an all-in-one heating and cooling solution that installs outside, with no indoor unit required

Compact footprint that allows for quick installation and seamlessly blends with your outdoor environment

Heavy-duty steel cabinets, steel louvered coil protection, and base rails provide added corrosion protection and rigidity

Internally mounted fan reduces vibrations and keeps operating sounds at a minimum

Our 2025 compliant systems are equipped with a Refrigerant Detection System (RDS) to ensure safe operation
