Please create a Samsung SmartThings Account and download the Lennox Home App prior to proceeding.

1

Start the Lennox Home App

2

Create New User Account

3

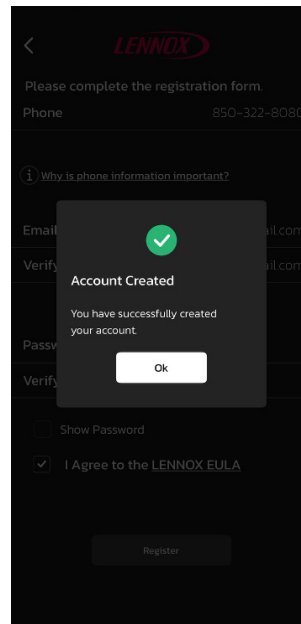

Complete the registration form by filling in your **phone number, email address, and password.**

Be sure to verify both **email and password.**

Select the box for "I agree to the LENNOX EULA"

4

Click on **Register** button at the bottom

5

Your account has been created

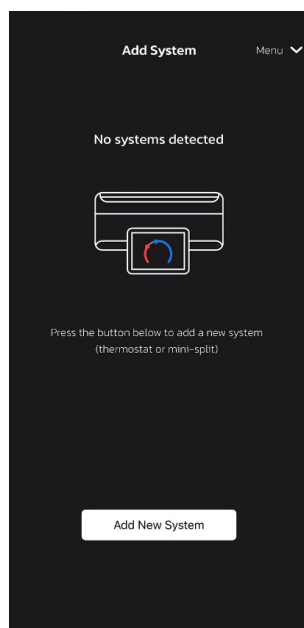

See the sections on the following pages for instructions on how to add a Mini-Split in different scenarios.

# How to add a Mini-Split to a Lennox Home Account

## Adding a single Mini-Split to Lennox Home Account

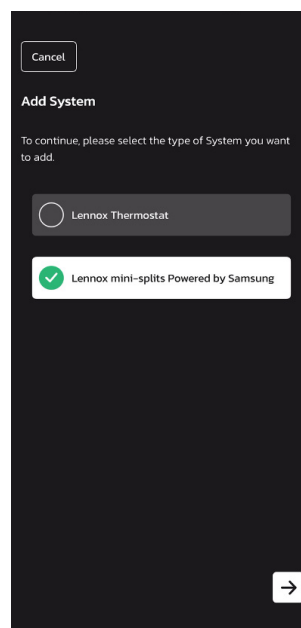

This example shows if you have no existing Mini-Splits or Lennox thermostats in the home.

Now that you have a Lennox account on your Lennox Home App, you can add Thermostats and Mini-Splits to it. In this first scenario, we will assume you only have a single Mini-Split to add to your Lennox Home.

1

Upon completing registration or accessing your app prior to adding a system, you will be prompted to **Add New System**

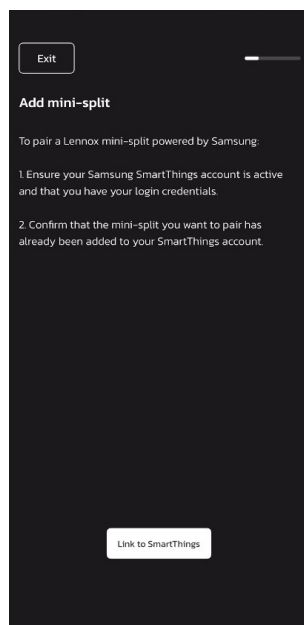

2

You will see that you can either add a **Lennox Thermostat** or a **Lennox mini-splits Powered by Samsung**

3

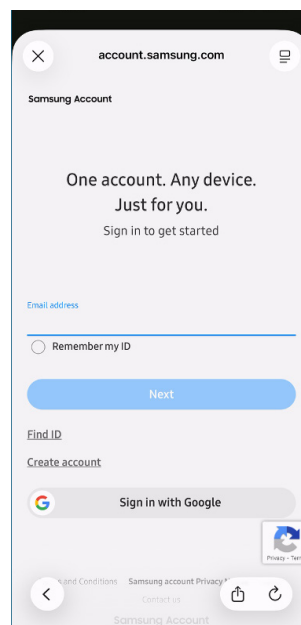

Select **Lennox mini-splits Powered by Samsung**

Click on the arrow in the bottom right-hand corner of the screen

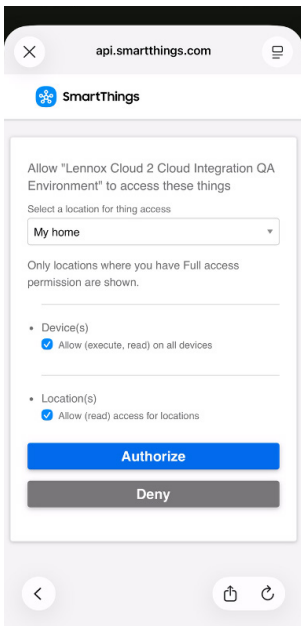

4

Click on **Link to SmartThings**

5

Authenticate credentials. Enter your SmartThings account information

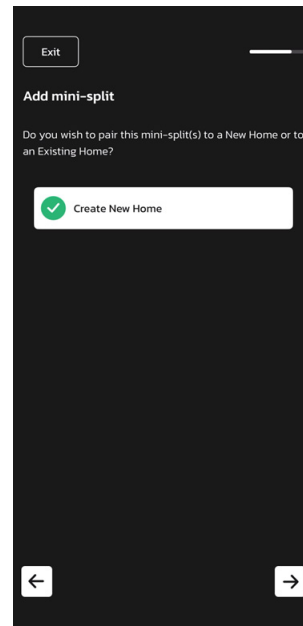

6

After authenticating, you will select a location to allow Lennox Cloud 2 Cloud to access

7

**Authorize** to allow Lennox Cloud 2 Cloud Integration

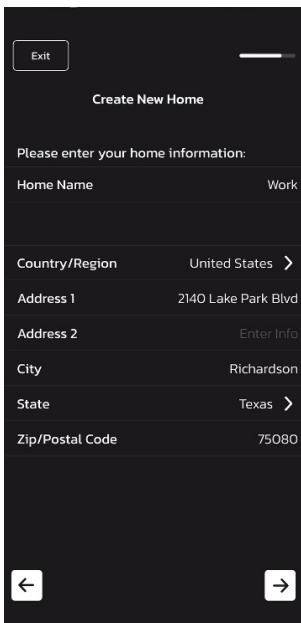

8

You will be prompted to **Create New Home** if one has not been previously set up

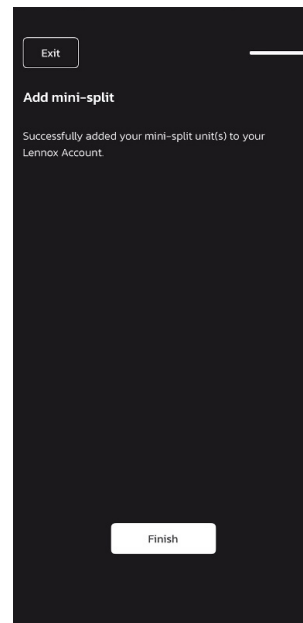

9

Click on the arrow in the bottom right-hand corner of the screen

10

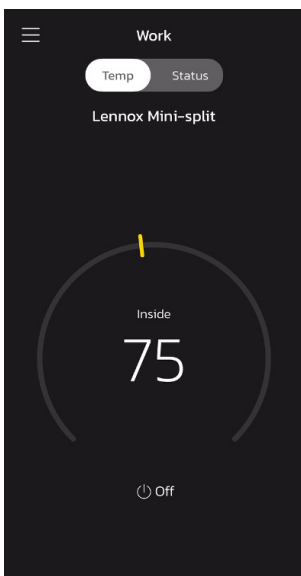

Enter a Home Name, Country, Address, City, State, and Zip code and then click on the arrow on the bottom right to continue

11

You have successfully added your mini-split unit(s)

Click on **Finish**

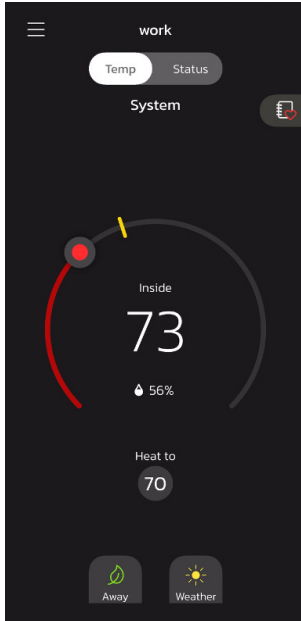

12

You now have access and control of your paired Mini-Split

# Adding a Mini-Split to a Lennox Home that has Lennox Thermostats

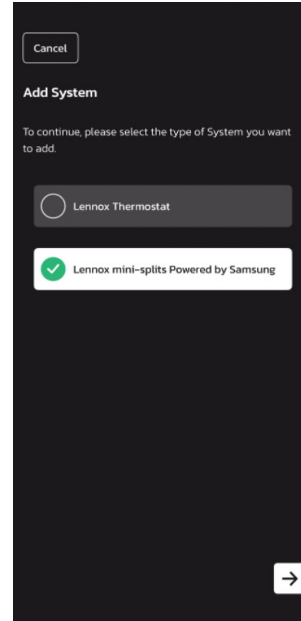

Log in to your Lennox Home App that has your existing Lennox Thermostat(s) installed.

1

From the home screen, select the menu icon in the top left corner

Select **Add System**

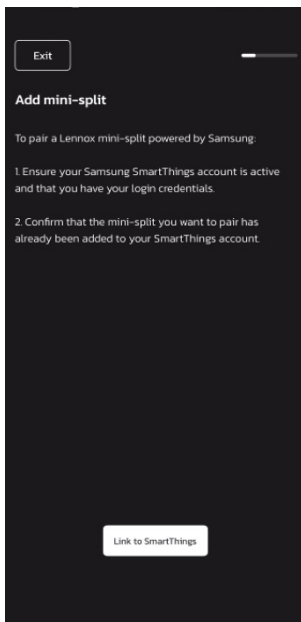

2

Select **Lennox mini-splits Powered by Samsung**

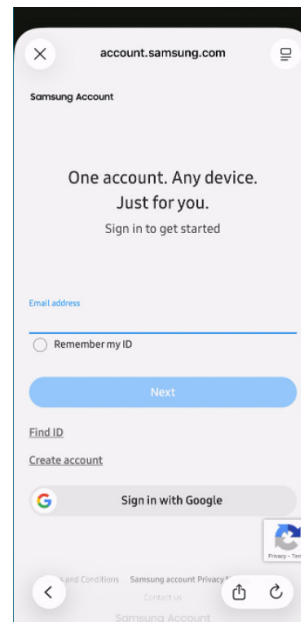

3

Click on the arrow in the bottom right-hand corner of the screen

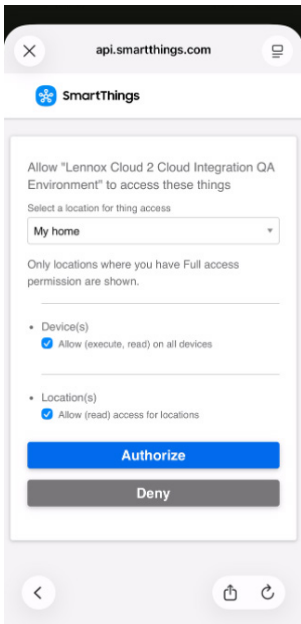

4

Click on **Link to SmartThings**

5

Authenticate credentials  
Enter your SmartThings  
account information

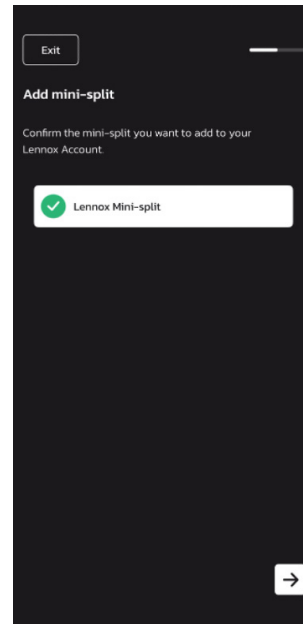

6

After authenticating, you will select a location to allow Lennox Cloud 2 Cloud to access

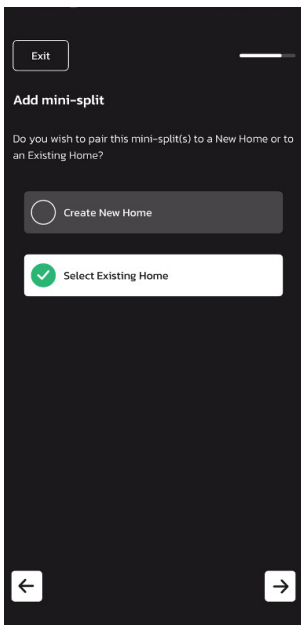

7

**Authorize** to allow Lennox Cloud 2 Cloud Integration

8

Click on the arrow in the bottom right-hand corner of the screen

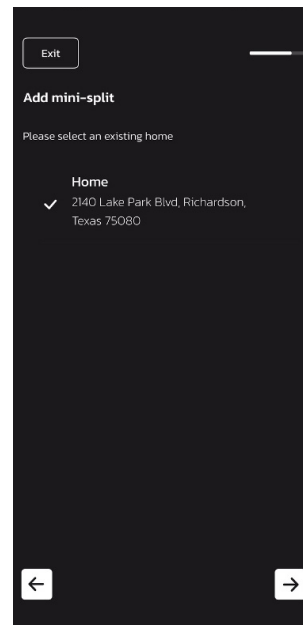

9

Select **Select Existing Home**

10

Click on the arrow in the bottom right-hand corner of the screen

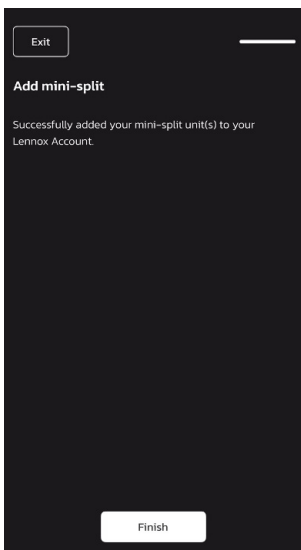

11

Select the home you'd like to use. Once selected, a checkmark will appear

12

Click on the arrow in the bottom right-hand corner of the screen

13

Your Mini-Split has been successfully added to your home

Click **Finish**

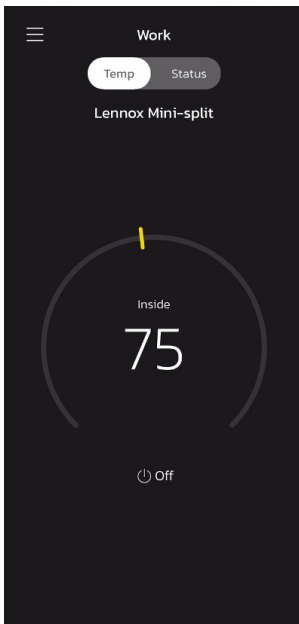

# Setting the mode on your Mini-Split

---

The following modes are available:

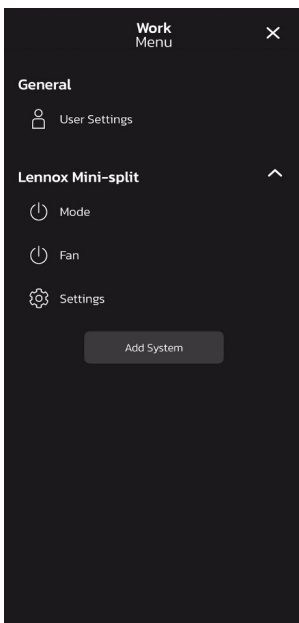

- Auto
- Fan Only
- Cool
- Heat
- Dry
- Off

\*Please note more features of your Lennox Powered by Samsung Mini-split can be found on your remote or within the Samsung SmartThings App.

1

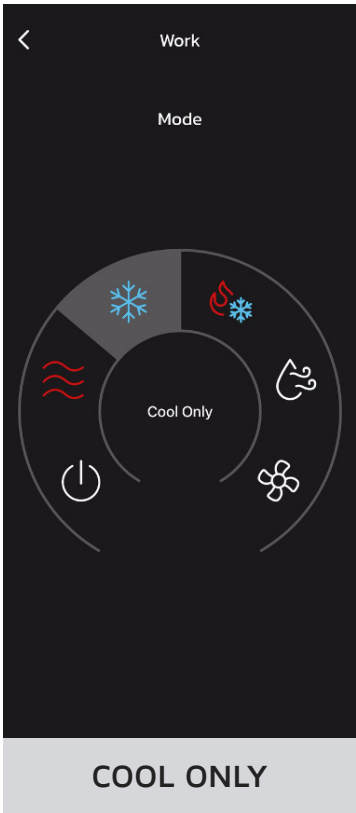

From the home screen, select the menu icon in the top left corner

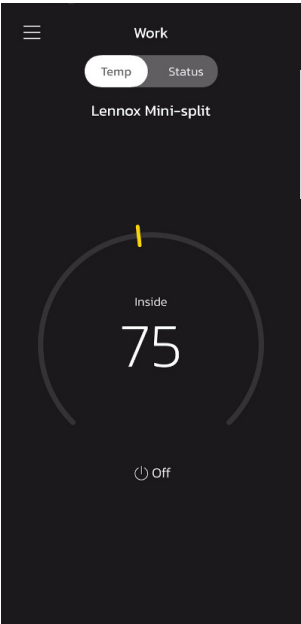

2

From the drop-down, select **Mode**

# Mini-Split Modes

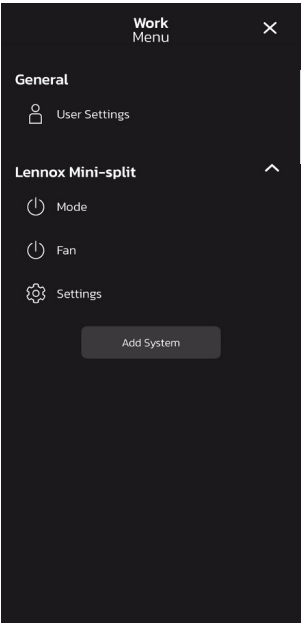

# Setting fan on your Mini-Split

1

From the home screen, select the menu icon in the top left corner

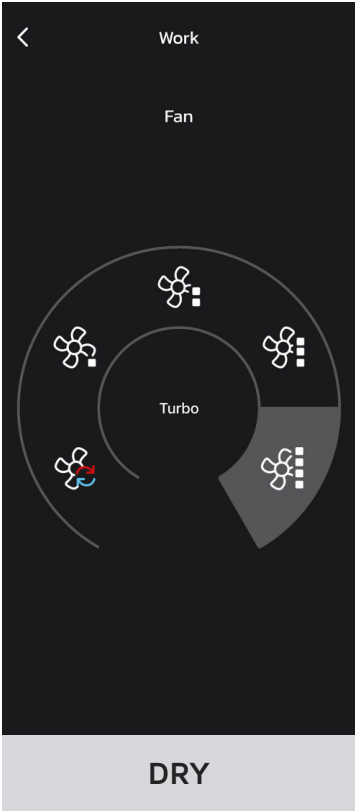

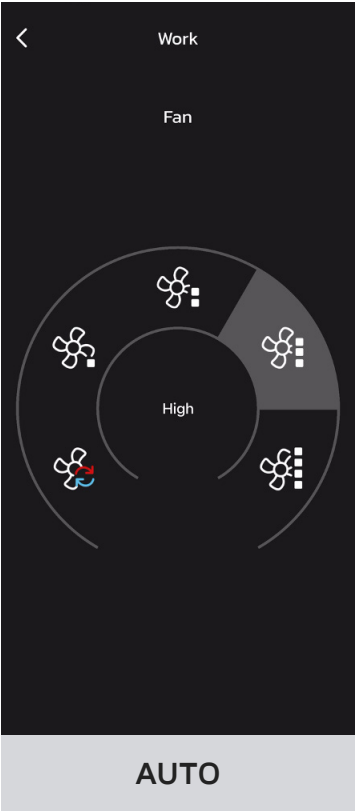

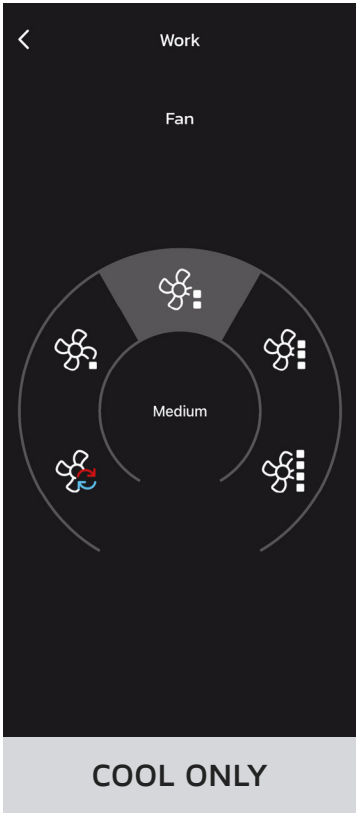

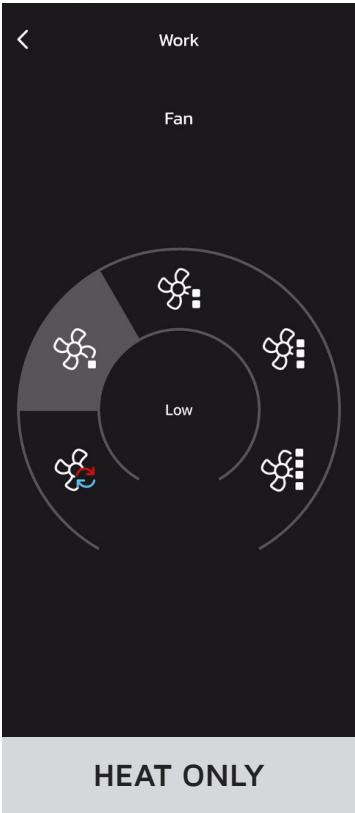

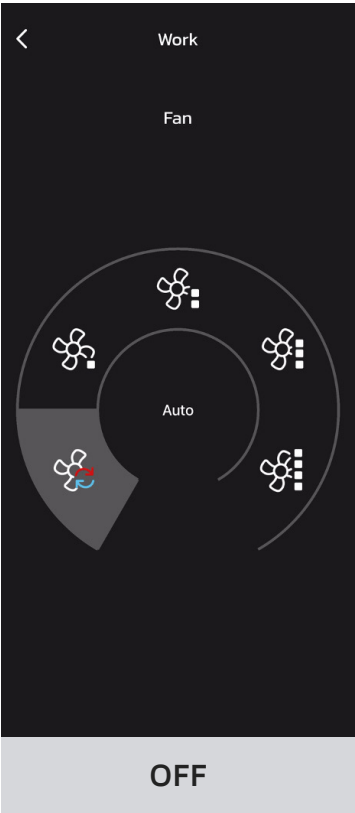

2

From the drop-down, select **Fan**

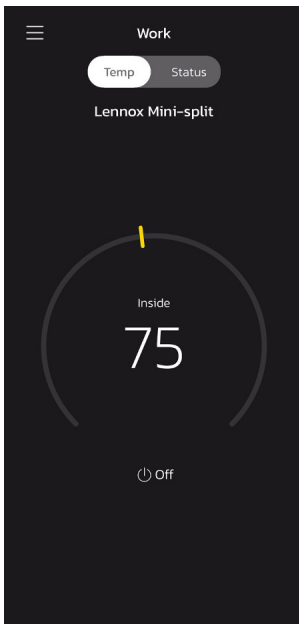

Mode	Fan Speeds
Off	Off
Heat Only	Auto, Low, Medium, High, Turbo
Cool Only	Auto, Low, Medium, High, Turbo
Auto	Auto, Low, Medium, High, Turbo
Dry	Auto
Fan Only	Low, Medium, High, Turbo

Not all fan speeds are available in each Mode.

# Mini-Split Fan Modes

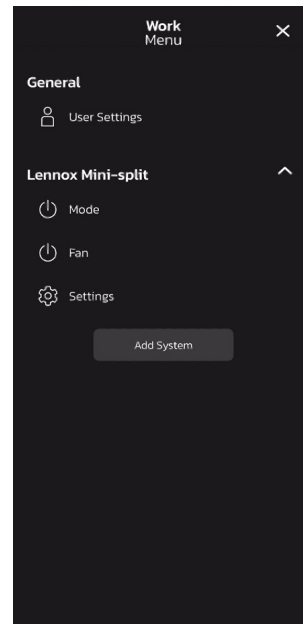

# Unregistering **your Mini-Split**

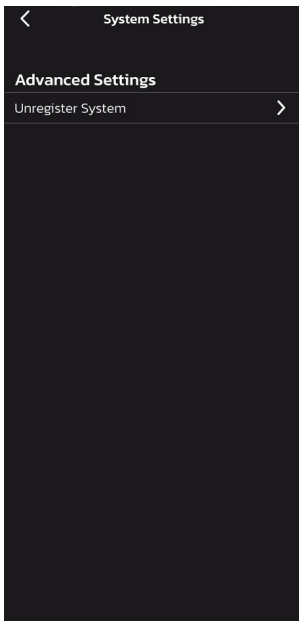

1

From the home screen, select the menu icon in the top left corner

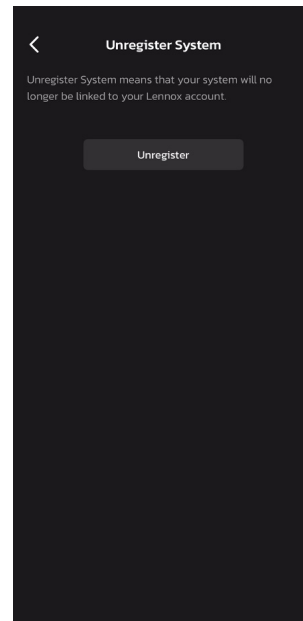

2

From the drop-down, select **Settings**

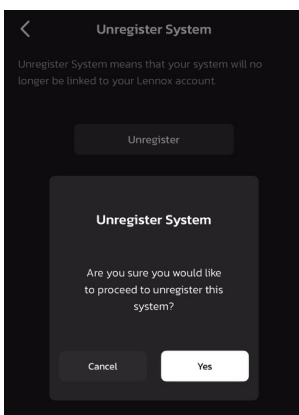

3

Select **Unregister System**

12

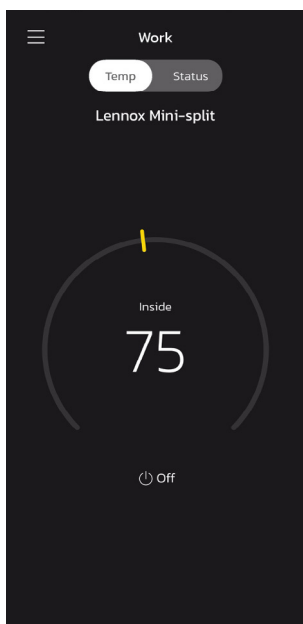

Click on the **Unregister** button

14

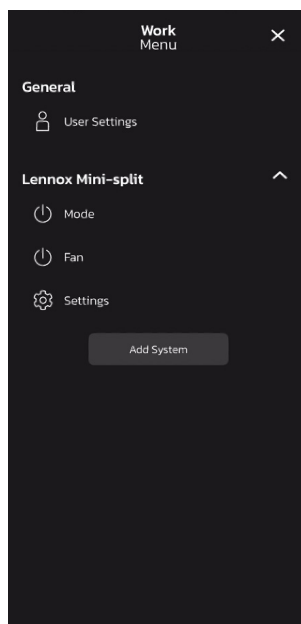

Select **Yes**  
Your system has been unregistered

# Unlink SmartThings Account

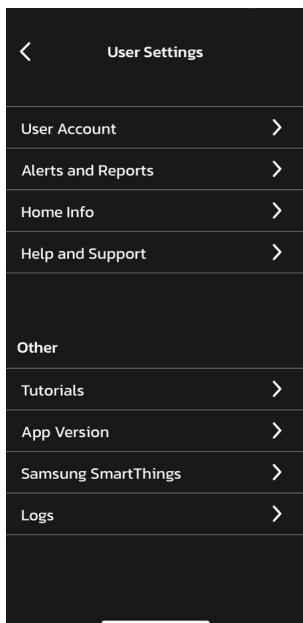

1

From the home screen, select the menu icon in the top left corner

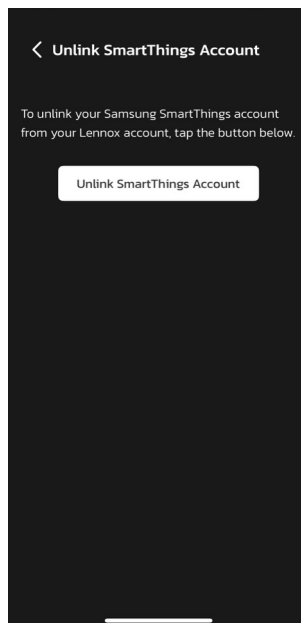

2

From the drop-down, select **Settings**

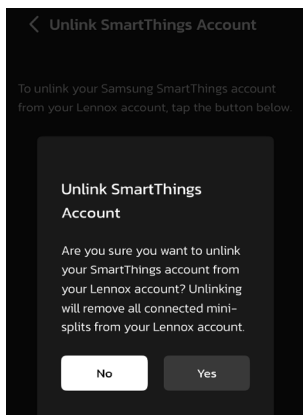

3

Select **User Settings**

4

Click on the **Unlink SmartThings Account** button

5

Select **Yes**  
Your SmartThings account has now been unlinked from your Lennox account, and all connected Mini-Splits have been removed from your Lennox account.
