

Lennox®. All The Comforts of Home.

We believe your home is a sanctuary. A respite from the busy outside world where you can feel your most comfortable, safe, and relaxed. Our dedication to making this possible has been the driving force behind every Lennox product and innovation since 1895.

Premium products designed for longevity and reliability so that every corner of the home we touch improves your quality of life—day after day, for years to come.

No Worries. It's a 

Plenty of hot water. No worries.

Water heaters designed to be dependable.

You can count on Lennox water heaters to add comfort to your home because every Lennox product is built to perform well for years to come. Our water heaters are made to be durable, with quality design and efficiency that delivers on your home's needs.

No Worries. It's a **LENNOX**

Comfort

A steady supply of hot water means showers stay warm, dishes get clean, and everyday routines run smoothly without giving it a second thought.

Efficiency

Designed to use energy wisely, Lennox water heaters help reduce energy use and keep utility bills in check while delivering dependable performance.

Smart Technology

Routine-learning technology and Lennox Home App control help make sure hot water is ready when you need it.

Craftsmanship

Built with durable materials and thoughtful engineering, Lennox water heaters are designed for long-lasting performance, including advanced PermaClad™ glass-lined tanks that help protect against corrosion.
