

Perfect air at your fingertips.

Unlock the full potential of your Lennox® heating and cooling system with our suite of Lennox smart thermostats. Each has advanced features to monitor and automatically adjust heating and cooling to optimize comfort and energy savings. Being "smart" also means they effortlessly integrate with popular virtual assistants and premium smart home systems, and allows you to control your home's comfort from anywhere through a smartphone app.

Lennox L40 Smart Thermostat

Compact, universally-compatible smart thermostat for single-stage non-communicating equipment

Welcome to Your Home Comfort Command Center. The Lennox S40 Smart Thermostat

Unlike most smart thermostats, the Lennox S40 Smart Thermostat is more than a temperature regulator. It's the command center for your entire system, with the incredible ability to monitor sensors throughout your home and in all your equipment. From detecting air pollutants and customizing comfort by room to providing maintenance and service reminders, it will even automatically alert you if your system goes out of tune and allow you to remotely share diagnostics with your local Lennox dealer. The Lennox S40 Smart Thermostat not only provides the most precise and perfect air, it also gives peace of mind.

From the Lennox S40 Smart Thermostat to the Lennox L40 Smart Thermostat, here's a look at what sets Lennox's leading smart thermostats apart.

Key Features		S40	E40	M40	L40
Built-In Communicating Abilities	Sensors in the equipment allow the thermostat to diagnose issues and automatically make system adjustments to more precisely and efficiently maintain temperature, humidity and air quality.	✓			
Precise Comfort® Plus	Works with Lennox digital variable-capacity equipment to offer the highest level of comfort and overall system performance.	✓			
Lennox Smart Accessories	Pairs with our suite of technologically advanced accessories to more precisely and efficiently maintain the temperature and air quality in your home.	✓	✓		
Schedule IQ Technology	Combines with Smart Away™ Mode to learn your routine and create an energy-optimizing schedule of operation.	✓	✓	✓	✓
Smart Away™ Mode	Uses the GPS in your smartphone to detect when you're leaving, and automatically adjusts the temperature to a more energy-efficient setting.	✓	✓	✓	✓
One-Touch Away Mode	Overrides your regular programming schedule with a single touch and sets back your heating and cooling set points to save energy.	✓	✓	✓	✓
Control via App	Monitor temperatures and schedules from anywhere in the world using the Lennox Home app.	✓	✓	✓	✓
Smart Home Integration	Effortlessly integrates with a range of smart home devices supported by Matter, including Apple, Amazon, Google and Samsung. It can also integrate with premium home automation systems like Control4, Building36 and more.	✓	✓	✓	✓
Performance Reports	View overall system performance details and more when you opt in for monthly performance report emails.	✓	✓	✓	✓
Feels Like™ Temperature	Creates the temperature you want to feel, not just the temperature you set—much like the "Feels Like" temperature in a weather report.	✓	✓		
Allergen Defender	Works with whole-house humidity-control systems to adjust the home's humidity level.	✓	✓		
Picture Upload	Allows you to display a personal photo as the screensaver.	✓	✓		
HD Video Screen Savers	Automatically change to reflect current outdoor weather conditions.	✓			
ENERGY STAR® Certified	Heating, ventilation and air-conditioning (HVAC) equipment with the ENERGY STAR label meets or exceeds federal guidelines for energy-efficient performance.		✓	✓	✓
Limited Warranty	Offers the opportunity to obtain industry-leading labor coverage on eligible products and more limited warranty and coverage options to choose from.	10-Year	5-Year	5-Year	5-Year
